PROFESSIONAL SUMMARY

Highly motivated Computer Science Engineering Third-year student with hands-on internship experience in React native. Proficient in java, SQL, JavaScript, react native, html and css. Proven ability to translate data into actionable insights and build responsive, user-friendly web applications. Eager to apply a strong foundation in computer science principles to solve complex, real-world problems.

EDUCATION

DMI Engineering College Anna university
BE (Computer Science and Engineering)

2023-2027
CGPA:7.80

SKILLS

- java
- React native
- HTML

- CSS
- SQL

- HTML

EXPERIENCE

Feather softwares | Nagercoil | Internship - React nativjuly-August-2025

During my React Native internship, I gained hands-on experience developing cross-platform moblie applications. I contributed to a team, building new features, fixing bugs, and improving UI/UX. I learned to work with state management libraries like Redux and integrate third-party APIs. This experience strengthened my skills in mobile development and collaborative problem-solving.

PROJECT

Online Shopping Website Built a responsive e-commerce frontend using HTML & CSS; implemented product listings, category filters, responsive grid layout, and accessible UI for improved user experience.

CERTIFICATIONS

React native-mongo DB.
